The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER (USPS 002-931), (ISSN 1041-2654) is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Thomson West and is offered by subscription for \$302.00 (annual price). To order or make changes to current subscriptions, please call (800) 888-3600. "Periodicals Postage Paid in Saint Paul, MN." **POSTMASTER:** Send address changes to the: CALIFORNIA REGULATORY NOTICE REGISTER, Thomson-West/Barclays, P.O. Box 2006, San Francisco, CA 94126. The Register can also be accessed at <http://www.oal.ca.gov>.

PROPOSED ACTION ON REGULATIONS

Information contained in this document is published as received from agencies and is not edited by Thomson West.

TITLE 3. DEPARTMENT OF FOOD AND AGRICULTURE

NOTICE IS HEREBY GIVEN that the Department of Food and Agriculture amended subsection 3591.20(a) of the regulations in Title 3 of the California Code of Regulations pertaining to Light Brown Apple Moth Eradication Area as an emergency action that was effective on March 3, 2008. The Department proposes to continue the regulation as amended and to complete the amendment process by submission of a Certificate of Compliance no later than September 2, 2008.

A public hearing is not scheduled. A public hearing will be held if any interested person, or his or her duly authorized representative, submits a written request for a public hearing to the Department no later than 15 days prior to the close of the written comment period. Following the public hearing if one is requested, or following the written comment period if no public hearing is requested, the Department of Food and Agriculture, at its own motion, or at the instance of any interested person, may adopt the proposal substantially as set forth without further notice.

Notice is also given that any person interested may present statements or arguments in writing relevant to the action proposed to the agency officer named below on or before May 12, 2008.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Existing law provides that the Secretary is obligated to investigate the existence of any pest that is not generally distributed within this State and determine the probability of its spread, and the feasibility of its control or eradication (Food and Agricultural Code Section 5321).

Existing law also provides that the Secretary may establish, maintain and enforce quarantine, eradication and other such regulations as he deems necessary to protect the agricultural industry from the introduction and spread of pests (Food and Agricultural Code, Sections 401, 403, 407 and 5322). Existing law also provides that eradication regulations may proclaim any

portion of the State as an eradication area and set forth the boundaries, the pest, its hosts and the methods to be used to eradicate said pest (Food and Agricultural Code Section 5761).

The amendment of subsection 3591.20(a) established Sonoma County as an eradication area for the light brown apple moth, *Epiphyas postvittana*. The effect of these actions was to establish authority for the State to conduct eradication activities in Sonoma County against this pest. There is no existing, comparable federal regulation or statute.

COST TO LOCAL AGENCIES AND SCHOOL DISTRICTS

The Department of Food and Agriculture has determined that the amendment of Section 3591.20 does not impose a mandate on local agencies or school districts and no reimbursement is required for Section 3591.20 under Section 17561 of the Government Code. The Department also has determined that no savings or increased costs to any state agency, no reimbursable costs or savings under Part 7 (commencing with Section 17500) of Division 4 of the Government Code to local agencies or school districts, no nondiscretionary costs or savings to local agencies or school districts, and no costs or savings in federal funding to the State will result from the proposed action.

EFFECT ON HOUSING COSTS

The Department has made an initial determination that the proposed actions will not affect housing costs.

EFFECT ON BUSINESSES

The Department has made an initial determination that the proposed actions will not have a significant statewide adverse economic impact directly affecting California businesses, including the ability of California businesses to compete with businesses in other states.

COST IMPACT ON AFFECTED PRIVATE PERSON OR BUSINESSES

The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

ASSESSMENT

The Department has made an assessment that the proposed amendment of the regulations would not (1)

create or eliminate jobs within California, (2) create new business or eliminate existing businesses within California, or (3) affect the expansion of businesses currently doing business within California.

ALTERNATIVES CONSIDERED

The Department of Food and Agriculture must determine that no reasonable alternative considered by the Department or that has otherwise been identified and brought to the attention of the Department would be more effective in carrying out the purpose for which the actions are proposed or would be as effective and less burdensome to affected private persons than the proposed actions.

AUTHORITY

The Department proposes to amend subsections 3591.20(a) pursuant to the authority vested by Sections 407 and 5322 of the Food and Agricultural Code.

REFERENCE

The Department proposes to amend subsections 3591.20(a), to implement, interpret and make specific Sections 407, 5322, 5761, 5762 and 5763 of the Food and Agricultural Code.

EFFECT ON SMALL BUSINESS

The proposed amendment of this regulation may affect small businesses.

CONTACT

The agency officer to whom written comments and inquiries about the initial statement of reasons, proposed actions, location of the rulemaking files, and request for a public hearing may be directed to is: Stephen S. Brown, Department of Food and Agriculture, Plant Health and Pest Prevention Services, 1220 N Street, Room A-316, Sacramento, California 95814, (916) 654-1017, FAX (916) 654-1018, E-mail: sbrown@cdfa.ca.gov. In his absence, you may contact Liz Johnson at (916) 654-1017. Questions regarding the substance of the proposed regulation should be directed to Stephen S. Brown.

INTERNET ACCESS

The Department has posted the information regarding this proposed regulatory action on its Internet Web site (www.cdfa.ca.gov/cdfa.pendingregs).

AVAILABILITY OF STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATIONS

The Department of Food and Agriculture has prepared an initial statement of reasons for the proposed actions, has available all the information upon which its proposal is based, and has available the express terms of the proposed action. A copy of the initial statement of reasons and the proposed regulations in underline and strikeout form may be obtained upon request. The location of the information on which the proposal is based may also be obtained upon request. In addition, when completed, the final statement of reasons will be available upon request. Requests should be directed to the contact named herein.

If the regulations amended by the Department differ from, but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency officer (contact) named herein.

TITLE 3. DEPARTMENT OF FOOD AND AGRICULTURE

NOTICE IS HEREBY GIVEN that the Department of Food and Agriculture proposes to amend Article 8, Section 3963, of the regulations in Title 3 of the California Code of Regulations pertaining to South American Spongeplant Eradication Area as an emergency action that was effective on December 26, 2007. The Department proposes to continue the regulation as adopted and to complete the amendment process by submission of a Certificate of Compliance no later than June 23, 2008.

A public hearing is not scheduled. A public hearing will be held if any interested person, or his or her duly authorized representative, submits a written request for a public hearing to the Department no later than 15 days prior to the close of the written comment period. Following the public hearing if one is requested, or following the written comment period if no public hearing is requested, the Department of Food and Agriculture may certify that there was compliance with provisions of Section 11346.1 of the Government Code within 180 days of the emergency regulation.

Notice is also given that any person interested may present statements or arguments in writing relevant to the action proposed to the agency officer named below on or before May 12, 2008.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Existing law obligates the Department of Food and Agriculture to protect the agricultural industry in California and prevent the spread of injurious pests (Food and Agricultural Code, Sections 401 and 403). Additionally, whenever and wherever a new exotic pest is discovered, the Secretary shall immediately investigate the feasibility of eradication (Food and Agricultural Code Section 5321). Existing law also provides that the Secretary may establish, maintain, and enforce such regulations, as he deems necessary, to prevent the spread of pests to protect California's agricultural industry (Food and Agricultural Code Section 5322).

The amendment of Section 3963 established that Fresno and Madera counties are additional eradication areas for *Limnobium laevigatum* (South American spongeplant). The effect of the amendment is to establish the authority for the State to perform eradication activities against South American spongeplant in Fresno and Madera counties. There is no existing, comparable federal regulation or statute.

COST TO LOCAL AGENCIES AND SCHOOL DISTRICTS

The Department of Food and Agriculture has determined that Section 3963 does not impose a mandate on local agencies or school districts. The Department has also determined that the amended regulation will involve no additional costs or savings to any state agency, no nondiscretionary costs or savings to local agencies or school districts, no reimbursable savings to local agencies or costs or savings to school districts under Section 17561 of the Government Code and no costs or savings in federal funding to the State.

EFFECT ON HOUSING COSTS

The Department has made an initial determination that the proposed action will not affect housing costs.

EFFECT ON BUSINESSES

The Department has made an initial determination that the proposed action will not have a significant, statewide adverse economic impact directly affecting California businesses, including the ability of California businesses to compete with businesses in other states.

COST IMPACT ON REPRESENTATIVE PRIVATE PERSON OR BUSINESS

The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

ASSESSMENT

The Department has made an assessment that the proposed amendments to the regulations would not (1) create or eliminate jobs within California, (2) create new business or eliminate existing businesses within California, or (3) affect the expansion of businesses currently doing business within California.

ALTERNATIVES CONSIDERED

The Department of Food and Agriculture must determine that no reasonable alternative considered by the Department or that has otherwise been identified and brought to the attention of the Department would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

AUTHORITY

The Department amended Section 3963 pursuant to the authority vested by Sections 407 and 5322 of the Food and Agricultural Code of California.

REFERENCE

The Department amended Section 3963 to implement, interpret and make specific Sections 407, 5322, 5761, 5762 and 5763 of the Food and Agricultural Code.

EFFECT ON SMALL BUSINESS

The amendment of this regulation may affect small businesses.

CONTACT

The agency officer to whom written comments and inquiries about the initial statement of reasons, proposed action, location of the rulemaking file, request for a public hearing, and final statement of reasons may be directed is: Stephen S. Brown, Department of Food and Agriculture, Plant Health and Pest Prevention Services,

1220 N Street, Room A-316, Sacramento, California 95814, (916) 654-1017, FAX (916) 654-1018, E-mail: sbrown@cdfa.ca.gov.

In his absence, you may contact Liz Johnson at (916) 654-1017. Questions regarding the substance of the proposed regulations should be directed to Stephen S. Brown.

INTERNET ACCESS

The Department has posted the information regarding this proposed regulatory action on its Internet website (www.cdfa.ca.gov/cdfa/pendingregs).

AVAILABILITY OF STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATIONS

The Department of Food and Agriculture has prepared an initial statement of reasons for the proposed action, has available all the information upon which its proposal is based, and has available the express terms of the proposed action. A copy of the initial statement of reasons and the proposed regulations in underline and strikeout form may be obtained upon request. The location of the information on which the proposal is based may also be obtained upon request. In addition, when completed, the final statement of reasons will be available upon request. Requests should be directed to the contact named herein.

If the regulations amended by the Department differ from, but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of amendment. Any person interested may obtain a copy of said regulations prior to the date of amendment by contacting the agency officer (contact) named herein.

TITLE 13. CALIFORNIA HIGHWAY PATROL

NOTICE OF PROPOSED REGULATORY ACTION

TITLE 13. CALIFORNIA CODE OF REGULATIONS
DIVISION 2, CHAPTER 6.5, AMEND ARTICLE 1, SECTION 1201; ARTICLE 3, SECTIONS 1212 AND 1213.

DRIVERS' HOURS OF SERVICE — MOTION PICTURE PRODUCTION (CHP-R-07-04)

The California Highway Patrol (CHP) proposes to amend the Motor Carrier Safety Regulations contained in Title 13, California Code of Regulations (13 CCR) to

be consistent with the current version of adopted federal regulations in Title 49, Code of Federal Regulations (49 CFR), Part 395.

INFORMATIVE DIGEST/PLAIN ENGLISH OVERVIEW

Title 13 CCR, Division 2, Chapter 6.5 contains the CHP Motor Carrier Safety Regulations. Article 1, Sections 1200 through 1202.2, contain the Definitions and General Provisions; Article 3, Sections 1212 through 1218, contain the General Driving Requirements.

This rulemaking action adopts an exemption, for the motion picture industry, that allows drivers under specific conditions, to operate using intrastate hours of service rules in effect prior to November 11, 2007, which is essentially identical to a recently adopted exemption, for the motion picture industry, by the Federal Motor Carrier Safety Administration. By adopting the essentially identical regulations, this rulemaking action will enhance the competitiveness of California by eliminating or modifying, to the extent possible, regulations that represent a negative impact on businesses by conflicting with updated federal regulations. Also, this rulemaking will allow the CHP to comply with the requirements of California Vehicle Code (VC), Section 34501.2, and remain consistent with regulations adopted by the United States Department of Transportation. This rulemaking also updates 13 CCR references concerning recently adopted regulation and adds additional clarifying language.

PUBLIC COMMENTS

Any person may submit written comments on the proposed action via facsimile at (916) 446-4579 or by writing to:

California Highway Patrol
Commercial Vehicle Section — 062
ATTN.: Gary Ritz
PO Box 942898
Sacramento, CA 94298-0001

Written comments will be accepted until 5:00 P.M., May 5, 2008.

No public hearing has been scheduled. If any person desires a public hearing, a written request must be received by the CHP, Commercial Vehicle Section (CVS), no later than 15 days prior to the close of the written comment period.

AVAILABILITY OF INFORMATION

The CHP has available for public review an initial statement of reasons for the proposed regulatory action,

the information upon which this action is based (the rulemaking file), and the proposed regulation text. Requests to review or receive copies of this information should be directed to the CHP at the above address, by facsimile at (916) 446-4579 or by calling the CHP, CVS, at (916) 445-1865. Facsimile requests for information should include the following information: the title of the rulemaking package, the requester's name, proper mailing address (including city, state and zip code), and a daytime telephone number in case the information is incomplete or illegible.

The rulemaking file is available for inspection at the CHP, CVS, 444 North Third Street, Sacramento. Interested parties are advised to call for an appointment.

All documents regarding the proposed action are also available through our website at www.chp.ca.gov/regulations.

Any person desiring to obtain a copy of the adopted text and a final statement of reasons may request them at the above noted address. Copies will also be posted on our website.

CONTACT PERSON

Any inquiries concerning the written materials pertaining to the proposed regulations should be directed to Mr. Gary Ritz, or Mr. Greg Bragg, CHP, CVS, at (916) 445-1865. Inquiries regarding the substance of the proposed regulations should also be directed to Mr. Ritz or Mr. Bragg.

ADOPTION OF PROPOSED REGULATIONS

After consideration of public comments, the CHP may adopt the proposal substantially as set forth without further notice. If the proposal is modified prior to adoption and the change is not solely grammatical or nonsubstantive in nature, the full text of the resulting regulation, with the changes clearly indicated, will be made available to the public for at least 15 days prior to the date of adoption.

FISCAL AND ECONOMIC IMPACT

The CHP has made an initial determination that this proposed regulatory action: (1) will have no affect on housing costs; (2) will not impose any new mandate upon local agencies or school districts; (3) involves no nondiscretionary or reimbursable costs or savings to any local agency or school district, nor costs or savings to any state agency, or federal funding to the state; (4) will neither create nor eliminate jobs in the State of California nor result in the elimination of existing businesses or create or expand businesses in the State of

California; and (5) will not have a significant statewide adverse economic impact directly affecting businesses including the ability of California businesses to compete with businesses in other states. The regulated community is encouraged to respond during the comment period of this regulatory process if significant impacts are identified.

COST IMPACTS ON REPRESENTATIVE PRIVATE PERSONS OR BUSINESSES

The CHP is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

EFFECT ON SMALL BUSINESSES

The CHP has determined that the proposed regulation will not affect small business. The overlying statute (34501.2 VC) mandates California's drivers' hours of service regulations applicable to all drivers of commercial motor vehicles, remain consistent with federal drivers' hours of service regulations. This proposal will amend those regulations as required by statute. However, the regulated community is encouraged to respond during the public comment period of this regulatory process if significant impacts are identified.

ALTERNATIVES

In accordance with Government Code Section 11346.5(a)(13), the CHP must determine that no reasonable alternative considered by the CHP, or that has otherwise been identified and brought to the attention of the CHP, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome to affected private persons than the proposed action. The CHP invites interested parties to present statements or arguments with respect to alternatives to the proposed regulations during the written comment period.

AUTHORITY

This regulatory action is being taken pursuant to Sections 31401, 34501, 34501.5 and 34508 VC; and Section 39831 of the Education Code (EC).

REFERENCE

This action implements, interprets, or makes specific Sections 545, 546, 31401, 34003, 34501, 34501.2, 34501.5 and 34508 VC; and Section 39831 EC.

TITLE 15. DEPARTMENT OF CORRECTIONS AND REHABILITATION

NOTICE OF PROPOSED ACTION

California Code of Regulations Title 15. Crime Prevention and Corrections Department of Corrections and Rehabilitation

NOTICE IS HEREBY GIVEN that the Secretary of the California Department of Corrections and Rehabilitation (CDCR), pursuant to the authority granted by Government Code Section 12838.5, Penal Code (PC) Section 5058, and the rulemaking authority granted by PC Section 5058.3, in order to implement, interpret and make specific PC Section 5054, proposes the adoption of the California Code of Regulations, Title 15, Section 3269, and Subsections 3315(f)(5)(N)(1) and (2), concerning inmate housing assignments and the disciplinary ramifications for failure to comply. On March 7, 2008, the CDCR filed a Notice of Adoption of Emergency Regulations with the Office of Administrative Law concerning inmate housing assignments. The Notice Publication/Regulations Submission was assigned Emergency Number 2008-0307-02E. The public hearing is scheduled for May 30, 2008.

PUBLIC HEARING

Date and Time: **May 30, 2008, 10:00 a.m. to 11:00 a.m.**

Place: Corrections Standards Authority
Large Conference Room
660 Bercut Drive, West Entrance
Sacramento, CA 95811

Purpose: To receive comments about this action.

PUBLIC COMMENT PERIOD

The public comment period will close **May 30, 2008, at 5:00 p.m.** Any person may submit public comments in writing (by mail, by fax or by e-mail) regarding the proposed changes. To be considered by the Department, comments must be submitted to the Department of Corrections and Rehabilitation, Regulation and Policy Management Branch, P.O. Box 942883, Sacramento, CA 94283-0001; by fax at (916) 341-7366; or by e-mail at RPMB@cdcr.ca.gov before the close of the comment period.

CONTACT PERSON

Please direct any inquiries regarding this action to:

**Timothy M. Lockwood, Chief
Regulation and Policy Management Branch
Department of Corrections and Rehabilitation
P.O. Box 942883, Sacramento, CA 94283-0001
Telephone (916) 341-7390**

In the event the contact person is unavailable, inquiries should be directed to the following back-up person:

**John McClure
Regulation and Policy Management Branch
Telephone (916) 341-6894**

Questions regarding the substance of the proposed regulatory action should be directed to:

**W. DesVoignes
Associate Warden, Division of Adult Institutions
Telephone (916) 323-4219**

LOCAL MANDATES

This action imposes no mandates on local agencies or school districts, or a mandate which requires reimbursement pursuant to Government Code Section 17561.

FISCAL IMPACT STATEMENT

- Cost to any local agency or school district that is required to be reimbursed: *None.*
- Cost or savings to any state agency: *None. However, if these regulations are not adopted and more inmates are allowed to single cell, the potential financial impact to the Department could be significant.*
- Other nondiscretionary cost or savings imposed on local agencies: *None.*
- Cost or savings in federal funding to the state: *None.*

EFFECT ON HOUSING COSTS

The Department has made an initial determination that the proposed action will have no significant effect on housing costs.

COST IMPACTS ON REPRESENTATIVE PRIVATE PERSONS OR BUSINESSES

The Department is not aware of any cost impacts that a representative private person or business would nec-

essarily incur in reasonable compliance with the proposed action.

SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT DIRECTLY AFFECTING BUSINESS

The Department has initially determined that the proposed regulations will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

EFFECT ON SMALL BUSINESSES

The Department has determined that the proposed regulations may not affect small businesses. It is determined that this action has no significant adverse economic impact on small business because they are not affected by the internal management of state prisons.

ASSESSMENTS OF EFFECTS ON JOB AND/OR BUSINESS CREATION, ELIMINATION OR EXPANSION

The Department has determined that the proposed regulation will have no affect on the creation of new, or the elimination of existing jobs or businesses within California, or affect the expansion of businesses currently doing business in California.

CONSIDERATION OF ALTERNATIVES

The Department must determine that no reasonable alternative considered by the Department, or that has otherwise been identified and brought to the attention of the Department, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome to affected private persons, than the proposed regulatory action.

AVAILABILITY OF PROPOSED TEXT AND INITIAL STATEMENT OF REASONS

The Department has prepared and will make available the text and the Initial Statement of Reasons (ISOR) of the proposed regulations. The rulemaking file for this regulatory action, which contains those items and all information on which the proposal is based

(i.e., rulemaking file) is available to the public upon request directed to the Department's contact person. The proposed text, ISOR, and Notice of Proposed Action will also be made available on the Department's website <http://www.cdcr.ca.gov>.

AVAILABILITY OF THE FINAL STATEMENT OF REASONS

Following its preparation, a copy of the Final Statement of Reasons may be obtained from the Department's contact person.

AVAILABILITY OF CHANGES TO PROPOSED TEXT

After considering all timely and relevant comments received, the Department may adopt the proposed regulations substantially as described in this Notice. If the Department makes modifications which are sufficiently related to the originally proposed text, it will make the modified text (with the changes clearly indicated) available to the public for at least 15 days before the Department adopts the regulations as revised. Requests for copies of any modified regulation text should be directed to the contact person indicated in this Notice. The Department will accept written comments on the modified regulations for 15 days after the date on which they are made available.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

PC Section 5000 provides that commencing July 1, 2005, any reference to the Department of Corrections in this or any code, refers to the CDCR, Division of Adult Operations.

PC Section 5050 provides that commencing July 1, 2005, any reference to the Director of Corrections, in this or any other code, refers to the Secretary of the CDCR. As of that date, the office of the Director of Corrections is abolished.

PC Section 5054 provides that commencing July 1, 2005, the supervision, management and control of the state prisons, and the responsibility for the care, custody, treatment, training, discipline, and employment of persons confined therein are vested in the Secretary of the CDCR.

PC Section 5058 authorizes the Director to prescribe and amend regulations for the administration of prisons.

- This action adopts provisions governing Inmate Housing Assignments, particularly those housing assignments regarding the double celling of inmates. Historically, it has been a generally accepted practice that inmates are expected to double cell. This policy was stipulated via Departmental memorandum dated April 25, 2003, although regulatory language was not correspondingly adopted. In late 2006, several inmates petitioned the Office of Administrative Law (OAL) contending that the memorandum constitutive an underground regulation, and the OAL agreed. This matter has since been filed in court. The Department asserts that it would be a serious development should an inmate successfully enjoin the Department in the courts to overturn our double cell practices, particularly in light of our overcrowding issues.
- This action will ensure that these provisions provide the appropriate authority and direction for the review and approval for placement of an inmate into an appropriate housing assignment. The remedial sanctions must also have the force of law should an inmate refuse to accept a housing assignment as directed by staff.
- These regulations incorporate by reference into the text CDC Form 114-A1 (rev. 10/98), Inmate Segregation Profile, and Form 1882 (rev. 2/07), Initial Housing Review.

TITLE 16. BOARD OF BARBERING AND COSMETOLOGY

NOTICE IS HEREBY GIVEN that the Board of Barbering and Cosmetology (hereinafter referred to as the "Board") is proposing to take action as described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at the hearing to be held at 2420 Del Paso Road, Sequoia Room, Sacramento, California 95834 on May 6, 2008, from 10:00 a.m. to 11:00 a.m. Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under the contact person in this Notice, must be received by the Board at its office no later than 5:00 p.m. on May 6, 2008 or must be received by the Board at the hearing. The Board, upon its own motion or at the instance of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption

from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

AUTHORITY AND REFERENCE

Pursuant to the authority vested by Sections 7312 and 7362 of the Business and Professions Code, and to implement, interpret or make specific Sections 7316, 7321.5, 7362.5 and 7389 of said Code, the Board is considering changes to Division 9 of Title 16 of the California Code of Regulations as follows:

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Amend Section 950.1

Business and Professions Code, Section 7312 grants the Board authority to adopt regulations relating to the practice of barbering and cosmetology.

Business and Professions Code, Section 7316 establishes the beauty services that fall under barbering and cosmetology licenses.

Business and Professions Code, Section 7321.5 provides the qualifications to take the Board's examination for barbers.

Business and Professions Code, Section 7362 authorizes the Board to determine the required subjects of instruction to be completed by students including the minimum number of hours of practical and technical instruction.

Business and Professions Code, Section 7362.5 establishes the minimum number of hours of practical and technical instruction for a Board-approved barbering course.

Business and Professions Code, Section 7389 authorizes the Board to develop a health and safety course to be taught by approved schools.

The Board is proposing to revise its current barbering curriculum. This revision is necessary to ensure barber students are up-to-date on current and upcoming trends in the beauty industry.

FISCAL IMPACT ON PUBLIC AGENCIES INCLUDING COSTS OR SAVINGS TO STATE AGENCIES OR COSTS/SAVINGS IN FEDERAL FUNDING TO THE STATE

The proposed regulatory action has no cost impact in terms of increased expenses and/or savings to state agencies and/or federal funding.

**NONDISCRETIONARY COSTS/SAVINGS
TO LOCAL AGENCIES**

**COST TO ANY LOCAL AGENCY OR
SCHOOL DISTRICT FOR WHICH
GOVERNMENT CODE SECTION 17561
REQUIRES REIMBURSEMENT**

None

BUSINESS IMPACT

The Board has made an initial determination that the proposed regulatory action would have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

IMPACT ON JOBS/NEW BUSINESSES

The Board has determined that this regulatory proposal will not have any impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

**COST IMPACT ON REPRESENTATIVE
PRIVATE PERSON OR BUSINESS**

The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

EFFECT ON HOUSING COSTS

None

EFFECT ON SMALL BUSINESS

The Board has determined that the proposed regulations would not affect small businesses because the proposed barbering curriculum's contents are not significantly different from the current barbering curriculum. The Board does not predict small businesses will have to hire additional staff nor purchase additional equipment to conform to the proposed curriculum.

CONSIDERATION OF ALTERNATIVES

The Board must determine that no alternative it considered or that has otherwise been identified and

brought to its attention would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

**INITIAL STATEMENT OF REASONS
AND INFORMATION**

The Board has prepared an initial statement of the reasons for the proposed action and has available all the information upon which the proposal is based.

TEXT OF PROPOSAL

Copies of the exact language of the proposed regulations and of the initial statement of reasons, and all of the information upon which the proposal is based, may be obtained at the hearing or prior to the hearing upon request from the Board of Barbering and Cosmetology at 2420 Del Paso Road, Suite 100, Sacramento, California 95834.

**AVAILABILITY AND LOCATION OF THE
FINAL STATEMENT OF REASONS AND
RULEMAKING FILE**

All the information upon which the proposed regulations are based is contained in the rulemaking file which is available for public inspection by contacting the person named below. You may obtain a copy of the final statement of reasons once it has been prepared, by making a written request to the contact person named below.

CONTACT PERSON

Any inquiries or comments concerning the proposed rulemaking action may be addressed to:

Name: April Oakley
Address: 2420 Del Paso Road, Suite 100
Sacramento, CA 95834
Telephone No.: (916) 575-7102
Fax No.: (916) 575-7281
E-Mail Address: April_Oakley@dca.ca.gov

The backup contact person is:

Name: Stacy Meza
Address: 2420 Del Paso Road, Suite 100
Sacramento, CA 95834
Telephone No.: (916) 575-7108
Fax No.: (916) 575-7281
E-Mail Address: Stacy_Meza@dca.ca.gov

WEB SITE ACCESS

Materials regarding this proposal can be found at www.barbercosmo.ca.gov.

GENERAL PUBLIC INTEREST

**CALIFORNIA ENVIRONMENTAL
PROTECTION AGENCY**

**California Environmental Protection Agency
30-Day Public Notice and Comment Period
Unified Program Fee Schedule for Trinity County**

Notice is hereby given that the California Environmental Protection Agency (Cal/EPA) proposes the revised Unified Program fee schedule that is listed with this notice for regulated businesses in Trinity County pursuant to the California Code of Regulations, title 27, section 15241(i). The California Department of Toxic Substances Control (DTSC) is the Certified Unified Program Agency (CUPA) for Trinity County and has provided Cal/EPA with information necessary to revise the fee schedule to cover the necessary and reasonable costs to implement the Unified Program according to title 27, section 15241(b).

The initial business fees were established in September 2005 and began being charged to businesses in February 2006. After operating the CUPA program for two years, DTSC has determined that the fees established for the Trinity County CUPA underestimated the actual

cost of administering the CUPA program. DTSC proposed the new fee schedule to address the deficit and make the program fiscally stable pursuant to title 27, section 15241(c).

The statutes and regulations require that DTSC charge sufficient fees to cover all costs of operating the CUPA program. The proposed fees are not significantly higher than surrounding counties but do reflect the increased costs for the state to operate a program remotely.

The public comment period for this notice is from March 21, 2008, through April 20, 2008. Cal/EPA requests the public to submit written comments by the closing date, April 20, 2008, to:

Mr. Jim Bohon, Chief
Unified Program
California Environmental Protection Agency
1001 "I" Street, P.O. Box 2815
Sacramento, California 95812-2815

E-mail address: jbohon@calepa.ca.gov
Fax Number: (916) 322-5615

Following the 30-day comment period, the Secretary for Environmental Protection (Secretary) at Cal/EPA will consider comments and prepare a response that identifies the comments, the Secretary's findings, and the Secretary's final fee decisions. The Secretary will make responses available upon request and will publish the final fee schedule in the California Regulatory Notice Register pursuant to title 27, section 15241(i).

The new fees are expected to go into effect in May 2008.

**Unified Program Fee Schedule
For Trinity County
2008**

	Flat Fee	Program Element Fee	State Surcharge
All Regulated Businesses	\$80		\$24
Business Plan (Hazardous Materials Inventory)		\$155	
Hazardous Waste Generators		\$170	
Aboveground Storage Tanks		NA until 2010	
Underground Storage Tanks			
Less Than 19,000 gals.		\$800	\$15
Between or Equal To 19,000 - 34,000 gals		\$1,000	\$15
Greater Than 34,000 gals		\$1,200	\$15
Calif. Accidental Release Program		\$1,200	\$270
Hazardous Waste Recyclers		\$96	
Small Quantity Onsite Hazardous Waste Treatment		\$125	

DEPARTMENT OF FISH AND GAME

Department of Fish and Game —
Public Interest Notice

For Publication March 21, 2008
CESA CONSISTENCY DETERMINATION FOR
Green Diamond Resource Company Aquatic Habitat
Conservation Plan Project
Del Norte and Humboldt Counties

The Department of Fish and Game (“Department”) received notice on March 4, 2008 that the Green Diamond Resource Company (“Green Diamond”) proposes to rely on its consultation with the National Marine Fisheries Service (“NMFS”) to carry out a project that may adversely affect species protected by the California Endangered Species Act (“CESA”). The project consists of implementation of Green Diamond’s forest management activities on approximately 416,531 acres of forestland owned by Green Diamond, including harvesting and transporting timber, timber stand regeneration and improvement, and road and landing construction, reconstruction, and maintenance. The proposed project will be implemented in accordance with the Aquatic Habitat Conservation Plan (“AHCP”) and Implementing Agreement.

On July 1, 2007, NMFS issued Green Diamond an Incidental Take Permit (No. 1613) which authorizes incidental take of the federally and state threatened Southern Oregon/Northern California Coast ESU Coho Salmon (*Oncorhynchus kisutch*). The Incidental Take Permit requires Green Diamond to implement the AHCP, which NMFS approved in October 2006. Subsequent to issuance of the Incidental Take Permit, Green Diamond proposed a minor amendment to the AHCP. If NMFS approves the minor amendment, the Incidental Take Permit will require Green Diamond to implement the project as described in the amended AHCP. Green Diamond is requesting the Department consider the project modifications proposed in the minor amendment to the AHCP in making its determination.

Pursuant to California Fish and Game Code Section 2080.1, Green Diamond is requesting a determination that Incidental Take Permit 1613, which requires Green Diamond to fully implement the Aquatic Habitat Conservation Plan, is consistent with the requirements of CESA. If the Department determines that the Incidental Take Permit is consistent with CESA, Green Diamond will not be required to obtain a separate permit under CESA (Fish and Game Code Section 2081(b)) for the proposed project.

DEPARTMENT OF FISH AND GAME

Department of Fish and Game —
Public Interest Notice

For Publication March 21, 2008
CESA CONSISTENCY DETERMINATION FOR
Trinity County Resource Conservation District
Trinity River Lewiston to Dark Gulch
Rehabilitation Project
Trinity County

The Department of Fish and Game (“Department”) received notice on March 4, 2008 that the Trinity County Resource Conservation District (“TCRCD”) proposes to rely on consultations between federal agencies to carry out a project that may adversely affect species protected by the California Endangered Species Act (“CESA”). This project consists of rehabilitation of the 6.3 mile Lewiston—Dark Gulch reach of the Trinity River in order to improve salmonid habitat and reduce impacts to adjacent landowners from high fishery flow releases. This project is identified under a December 19, 2000 Interior Secretary’s Record of Decision (ROD) as a necessary step towards the restoration of Trinity River’s fisheries.

On May 15, 2006, the National Marine Fisheries Service, amended its original, October 12, 2000, no jeopardy federal biological opinion (151422SWR2000-AR8271FR) which considers the Federally and State threatened Southern Oregon/Northern California Coast (SONCC) Coho salmon (*Oncorhynchus kisutch*) and authorizes incidental take. This amendment allowed for work “within the wetted channel” without requiring re-initiation of formal consultation.

Pursuant to California Fish and Game Code Section 2080.1, TCRCD is requesting a determination that federal biological opinion 151422SWR2000AR8271FR, including its amendment, is consistent with CESA.

If the Department determines that the federal biological opinion is consistent with CESA, TCRCD will not be required to obtain an incidental take permit under CESA for the proposed project.

DEPARTMENT OF FISH AND GAME

Department of Fish and Game —
Public Interest Notice

For Publication March 21, 2008
CESA CONSISTENCY DETERMINATION
REQUEST FOR
Shin Kee Tract Wetlands Restoration Project
San Joaquin County
2080–2008–009–02

The Department of Fish and Game (Department) received a notice on March 10, 2008 that the A.G. Spanos

Company proposes to rely on a consultation between federal agencies to carry out a project that may adversely affect species protected by the California Endangered Species Act (CESA). This project consists of the creation of wetlands, with a tidally influenced channel design, and associated upland habitat on a 142-acre portion of Shin Kee Tract, located in San Joaquin County, CA (Project). The Project will entail mass grading of the site, including the construction of new levees, improvements to existing levees, and the installation of two inlets/outlets. Project activities will result in temporary impacts to approximately 1.35 acres of habitat suitable for the giant garter snake (*Thamnophis gigas*) and permanent net increase of approximately 142 acres of habitat suitable for the giant garter snake.

The U.S. Fish and Wildlife Service (Service) issued a "no jeopardy" federal biological opinion (1-1-07-F-0308)(BO) and incidental take statement (ITS) to the U.S. Army Corps of Engineers (Corps) on October 3, 2007 which considered the effects of the project on the Federally endangered and State threatened giant garter snake. Pursuant to California Fish and Game Code Section 2080.1, A.G. Spanos Company is requesting a determination that the BO and ITS are consistent with CESA for purposes of the proposed Project. If the Department determines the BO and ITS are consistent with CESA for the proposed Project, A.G. Spanos Company will not be required to obtain an incidental take permit under Fish and Game Code section 2081 for the Project.

DEPARTMENT OF TOXIC SUBSTANCES CONTROL

CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY DEPARTMENT OF TOXIC SUBSTANCES CONTROL

Notice of Intent to Recertify Hazardous Waste Environmental Technology

The California Environmental Protection Agency, Department of Toxic Substances Control (DTSC) intends to recertify the following hazardous waste environmental technology:

The SCIGEN NEUTRALEX technology for treating aqueous formaldehyde in 10% neutral buffered Formalin waste resulting from histopathology tissue specimen preservation and automated processor activities.

Applicant: SCIGEN, Inc.
333 East Gardena Blvd
Gardena, California 90249

Section 25200.1.5., Health and Safety Code, authorizes DTSC to certify the performance of hazardous waste environmental technologies. DTSC certifies only technologies which are determined to not pose a significant potential hazard to the public health and safety or to the environment when used under specified operating conditions.

Due to the current budget shortfall for the State of California, and associated budget uncertainty, DTSC is not accepting any new applications into its hazardous waste technology certification program. DTSC considers recertification requests for technologies already certified which have not changed their design, formulation, or operation.

The certification program provides an independent technical evaluation of technologies to identify those meeting applicable quality standards, so as to facilitate regulatory and end-user acceptance and to promote and foster growth of California's environmental technology industry.

DTSC makes no express or implied warranties as to the performance of the manufacturer's product or equipment. The end-user is solely responsible for complying with the applicable federal, state, and local regulatory requirements. Certification does not limit DTSC's authority to require additional measures for protection of public health and the environment.

By accepting certification, the manufacturer assumes, for the duration of certification, responsibility for maintaining the quality of the manufactured equipment and materials and their operation at a level equal to or better than was provided to obtain certification and agrees to be subject to quality monitoring by DTSC as required by the statute under which certification is granted.

DTSC's proposed decision to recertify is subject to public review and comment.

Written comments must be submitted to DTSC no later than 30 days after publication of this notice. All comments will be considered and appropriate changes will be made prior to publishing DTSC's final decision.

Additional information supporting DTSC's proposed decision is available for review. Requests for additional information or comments concerning this proposed decision should be submitted to the following address:

California Environmental Protection Agency
Department of Toxic Substances Control
Office of Pollution Prevention and Technology
Development
P.O. Box 806
1001 I Street, 12th Floor
Sacramento, California 95812-0806
Attn: Dick Jones (916) 322-3292

Background

The Scigen Neutralex technology was originally certified effective June 29, 1997, for a three-year term. The final decision to certify was published in the May 30, 1997, California Regulatory Notice Register, Volume 97, Number 22-Z. The original certification included a description of the technology, the certification statement and associated conditions and limitations, and the technical basis for the original certification decision. These documents are available at <http://dtsc-cm/TechnologyDevelopment/TechCert/scigen-batch-treat-formaldehyde-techcert.cfm> or may be obtained from DTSC.

Following re-evaluations and proposed decisions with 30-day public comment periods, DTSC published final decisions to recertify the Neutralex technology for three-year terms effective June 10, 2001, and, after a one year extension, March 25, 2005. Reports describing the basis for these recertification decisions are available from DTSC.

DTSC has now re-evaluated the Neutralex technology, and is proposing to recertify the technology for an additional three-year term.

Effect on Current Certification Status

Pursuant to Title 22, California Code of Regulations section 68100, the existing certification shall remain valid during the public comment period for this proposed recertification decision, during the period in which DTSC responds to any comments received and prepares a final decision, and during the public notice period for the final recertification decision.

Basis for Recertification

The previous recertification evaluation included laboratory testing of the effectiveness of Neutralex for treating 10% neutral buffered Formalin wastes, and discussions with end users. According to Scigen, the Neutralex technology has not changed since it was originally certified. For the current recertification evaluation, DTSC staff contacted end users of the Neutralex technology to gather additional information on its per-

formance under the conditions of use at health care facilities.

Staff interviewed twelve Neutralex users. All were satisfied with the product. Most found the directions clear and followed them. Five added extra Neutralex and several extended the contract time to ensure a complete reaction. None of the users had any problems with the technology. A regional health and safety manager representing approximately thirty regional hospitals reported no problems from their use of the technology. Additionally, two of those hospitals completed DTSC's survey and confirmed their satisfaction.

In early certification reviews, DTSC did extensive investigations and lab tests of the Neutralex product. The results were consistently positive. Later reviews used customer interviews and again produced positive results. DTSC has not received nor is aware of any complaints or reports of problems with the Neutralex technology.

Regulatory Considerations

Title 22, California Code of Regulations, Section 67450.20, specifies that treatment of formaldehyde by health care facilities using any technology certified as effective for that purpose is authorized for operation under a grant of conditional exemption. The treatment must be operated pursuant to the conditions imposed on the certification. In addition, the generator conducting the treatment must comply with the conditions of the Conditional Exemption in Section 25201.5 of the Health and Safety Code. The reader should refer to these statutory and regulatory sections for additional information.

Certification Conditions

The conditions of the original certification, published in the May 30, 1997, California Regulatory Notice Register, Volume 97, Number 22-Z remain in effect.

Certification Reference

As a holder of a valid hazardous waste environmental technology certification, Scigen is authorized to use the certification seal (California Registered Service Mark Number 046720) during the term of the certification. Scigen shall cite the certification number and date of issuance in conjunction with the certification seal whenever it is used.

When providing information on the certification to an interested party, Scigen shall at a minimum provide the full text of the original and recertification decisions as published in the California Regulatory Notice Registers.

Duration of the Certification

This recertification will remain in effect for the period of three years from the date of issuance, unless it is revoked for cause or amended.

SAFE DRINKING WATER AND TOXIC
ENFORCEMENT ACT OF 1986

CHEMICALS KNOWN TO THE STATE TO CAUSE CANCER OR REPRODUCTIVE TOXICITY MARCH 21, 2008

The Safe Drinking Water and Toxic Enforcement Act of 1986 requires that the Governor revise and republish at least once per year the list of chemicals known to the State to cause cancer or reproductive toxicity. The identification number indicated in the following list is the Chemical Abstracts Service (CAS) Registry Number. No CAS number is given when several substances are presented as a single listing. The date refers to the initial appearance of the chemical on the list. For easy reference, chemicals which are shown underlined are newly added. Chemicals which are shown with a strikeout were placed on the list with the date noted, and have subsequently been removed.

CHEMICALS KNOWN TO THE STATE TO CAUSE CANCER

Phenazopyridine	94-78-0	January 1, 1988
Phenazopyridine hydrochloride	136-40-3	January 1, 1988
Phenesterin	3546-10-9	July 1, 1989
Phenobarbital	50-06-6	January 1, 1990
Phenolphthalein	77-09-8	May 15, 1998
Phenoxybenzamine	59-96-1	April 1, 1988
Phenoxybenzamine hydrochloride	63-92-3	April 1, 1988
o-Phenylenediamine and its salts	95-54-5	May 15, 1998
Phenyl glycidyl ether	122-60-1	October 1, 1990
Phenylhydrazine and its salts	—	July 1, 1992
o-Phenylphenate, sodium	132-27-4	January 1, 1990
o-Phenylphenol	90-43-7	August 4, 2000
PhiP(2-Amino-1-methyl-6-phenylimidazol[4,5-b]pyridine)	105650-23-5	October 1, 1994
Polybrominated biphenyls	—	January 1, 1988
Polychlorinated biphenyls	—	October 1, 1989
Polychlorinated biphenyls (containing 60 or more percent chlorine by molecular weight)	—	January 1, 1988
Polychlorinated dibenzo-p-dioxins	—	October 1, 1992
Polychlorinated dibenzofurans	—	October 1, 1992
Polygeenan	53973-98-1	January 1, 1988
Ponceau MX	3761-53-3	April 1, 1988
Ponceau 3R	3564-09-8	April 1, 1988
Potassium bromate	7758-01-2	January 1, 1990
Primidone	125-33-7	August 20, 1999
Procarbazine	671-16-9	January 1, 1988
Procarbazine hydrochloride	366-70-1	January 1, 1988
Procymidone	32809-16-8	October 1, 1994
Progesterone	57-83-0	January 1, 1988
Pronamide	23950-58-5	May 1, 1996
Propachlor	1918-16-7	February 27, 2001
1,3-Propane sultone	1120-71-4	January 1, 1988
Propargite	2312-35-8	October 1, 1994
beta-Propiolactone	57-57-8	January 1, 1988
Propoxur	114-26-1	August 11, 2006
Propylene glycol mono-t-butyl ether	57018-52-7	June 11, 2004
Propylene oxide	75-56-9	October 1, 1988
Propylthiouracil	51-52-5	January 1, 1988
Pyridine	110-86-1	May 17, 2002

<u>Chemical</u>	<u>CASNumber</u>	<u>Date</u>
Quinoline and its strong acid salts	—	October 24, 1997
Radionuclides	—	July 1, 1989
Reserpine	50-55-5	October 1, 1989
Residual (heavy) fuel oils	—	October 1, 1990
Riddelliine	23246-96-0	December 3, 2004
Saccharin <u>Delisted April 6, 2001</u>	81-07-2	October 1, 1989
Saccharin, sodium <u>Delisted January 17, 2003</u>	128-44-9	January 1, 1988
Safrole	94-59-7	January 1, 1988
Selenium sulfide	7446-34-6	October 1, 1989
Shale-oils	68308-34-9	April 1, 1990
Silica, crystalline (airborne particles of respirable size)	—	October 1, 1988
Soots, tars, and mineral oils (untreated and mildly treated oils and used engine oils)	—	February 27, 1987
Spironolactone	52-01-7	May 1, 1997
Stanozolol	10418-03-8	May 1, 1997
Sterigmatocystin	10048-13-2	April 1, 1988
Streptozotocin (streptozocin)	18883-66-4	January 1, 1988
Strong inorganic acid mists containing sulfuric acid	—	March 14, 2003
Styrene oxide	96-09-3	October 1, 1988
Sulfallate	95-06-7	January 1, 1988
Sulfasalazine (Salicylazosulfapyridine)	599-79-1	May 15, 1998
Talc containing asbestiform fibers	—	April 1, 1990
Tamoxifen and its salts	10540-29-1	September 1, 1996
Terrazole	2593-15-9	October 1, 1994
Testosterone and its esters	58-22-0	April 1, 1988
2,3,7,8-Tetrachlorodibenzo-para-dioxin (TCDD)	1746-01-6	January 1, 1988
1,1,2,2-Tetrachloroethane	79-34-5	July 1, 1990
Tetrachloroethylene (Perchloroethylene)	127-18-4	April 1, 1988
p-a,a,a-Tetrachlorotoluene	5216-25-1	January 1, 1990
Tetrafluoroethylene	116-14-3	May 1, 1997
Tetranitromethane	509-14-8	July 1, 1990
Thioacetamide	62-55-5	January 1, 1988
4,4'-Thiodianiline	139-65-1	April 1, 1988
Thiodicarb	59669-26-0	August 20, 1999
Thiouracil	141-90-2	June 11, 2004
Thiourea	62-56-6	January 1, 1988
Thorium dioxide	1314-20-1	February 27, 1987
Tobacco, oral use of smokeless products	—	April 1, 1988
Tobacco smoke	—	April 1, 1988
Toluene diisocyanate	26471-62-5	October 1, 1989
ortho-Toluidine	95-53-4	January 1, 1988
ortho-Toluidine hydrochloride	636-21-5	January 1, 1988
para-Toluidine <u>Delisted October 29, 1999</u>	106-49-0	January 1, 1990
Toxaphene (Polychlorinated camphenes)	8001-35-2	January 1, 1988
Treosulfan	299-75-2	February 27, 1987
Trichlormethine (Trimustine hydrochloride)	817-09-4	January 1, 1992
Trichloroethylene	79-01-6	April 1, 1988
2,4,6-Trichlorophenol	88-06-2	January 1, 1988
1,2,3-Trichloropropane	96-18-4	October 1, 1992
Trimethyl phosphate	512-56-1	May 1, 1996
2,4,5-Trimethylaniline and its strong acid salts	—	October 24, 1997
Triphenyltin hydroxide	76-87-9	July 1, 1992

<u>Chemical</u>	<u>CAS Number</u>	<u>Date</u>
Tris(aziridiny)l-para-benzoquinone (Triaziquone) Delisted December 8, 2006	68-76-8	October 1, 1989
Tris(1-aziridiny)lphosphine sulfide (Thiotepa)	52-24-4	January 1, 1988
Tris(2-chloroethyl) phosphate	115-96-8	April 1, 1992
Tris(2,3-dibromopropyl)phosphate	126-72-7	January 1, 1988
Trp-P-1 (Tryptophan-P-1)	62450-06-0	April 1, 1988
Trp-P-2 (Tryptophan-P-2)	62450-07-1	April 1, 1988
Trypan blue (commercial grade)	72-57-1	October 1, 1989
Unleaded gasoline (wholly vaporized)	—	April 1, 1988
Uracil mustard	66-75-1	April 1, 1988
Urethane (Ethyl carbamate)	51-79-6	January 1, 1988
Vanadium pentoxide (orthorhombic crystalline form)	1314-62-1	February 11, 2005
Vinclozolin	50471-44-8	August 20, 1999
Vinyl bromide	593-60-2	October 1, 1988
Vinyl chloride	75-01-4	February 27, 1987
4-Vinylcyclohexene	100-40-3	May 1, 1996
4-Vinyl-1-cyclohexene diepoxide (Vinyl cyclohexene dioxide)	106-87-6	July 1, 1990
Vinyl fluoride	75-02-5	May 1, 1997
Vinyl trichloride (1,1,2-Trichloroethane)	79-00-5	October 1, 1990
2,6-Xylidine (2,6-Dimethylaniline)	87-62-7	January 1, 1991
Zileuton	111406-87-2	December 22, 2000
Zineb Delisted October 29, 1999	12122-67-7	January 1, 1990

CHEMICALS KNOWN TO THE STATE TO CAUSE REPRODUCTIVE TOXICITY

<u>Chemical</u>	<u>Type of Reproductive Toxicity</u>	<u>CAS No.</u>	<u>Date Listed</u>
Acetazolamide	developmental	59-66-5	August 20, 1999
Acetohydroxamic acid	developmental	546-88-3	April 1, 1990
Actinomycin D	developmental	50-76-0	October 1, 1992
All-trans retinoic acid	developmental	302-79-4	January 1, 1989
Alprazolam	developmental	28981-97-7	July 1, 1990
Altretamine	developmental, male	645-05-6	August 20, 1999
Amantadine hydrochloride	developmental	665-66-7	February 27, 2001
Amikacin sulfate	developmental	39831-55-5	July 1, 1990
Aminoglutethimide	developmental	125-84-8	July 1, 1990
Aminoglycosides	developmental	—	October 1, 1992
Aminopterin	developmental, female	54-62-6	July 1, 1987
Amiodarone hydrochloride	developmental, female, male	19774-82-4	August 26, 1997
Amitraz	developmental	33089-61-1	March 30, 1999
Amoxapine	developmental	14028-44-5	May 15, 1998
Anabolic steroids	female, male	—	April 1, 1990
Angiotensin converting enzyme (ACE) inhibitors	developmental	—	October 1, 1992
Anisindione	developmental	117-37-3	October 1, 1992
Arsenic (inorganic oxides)	developmental	—	May 1, 1997
Aspirin (NOTE: It is especially important not to use aspirin during the last three months of pregnancy, unless specifically directed to do so by a physician because it may cause problems in the unborn child or complications during delivery.)	developmental, female	50-78-2	July 1, 1990

<u>Chemical</u>	<u>Type of Reproductive Toxicity</u>	<u>CAS No.</u>	<u>Date Listed</u>
Atenolol	developmental	29122-68-7	August 26, 1997
Auranofin	developmental	34031-32-8	January 29, 1999
Azathioprine	developmental	446-86-6	September 1, 1996
Barbiturates	developmental	—	October 1, 1992
Beclomethasone dipropionate	developmental	5534-09-8	May 15, 1998
Benomyl	developmental, male	17804-35-2	July 1, 1991
Benzene	developmental, male	71-43-2	December 26, 1997
Benzodiazepines	developmental	—	October 1, 1992
Benzphetamine hydrochloride	developmental	5411-22-3	April 1, 1990
Bischloroethyl nitrosourea (BCNU) (Carmustine)	developmental	154-93-8	July 1, 1990
Bromacil lithium salt	developmental male	53404-19-6	May 18, 1999 January 17, 2003
1-Bromopropane	developmental, female, male	106-94-5	December 7, 2004
2-Bromopropane	female, male	75-26-3	May 31, 2005
Bromoxynil	developmental	1689-84-5	October 1, 1990
Bromoxynil octanoate	developmental	1689-99-2	May 18, 1999
Butabarbital sodium	developmental	143-81-7	October 1, 1992
1,3-Butadiene	developmental, female, male	106-99-0	April 16, 2004
1,4-Butanediol dimethane-sulfonate (Busulfan)	developmental	55-98-1	January 1, 1989
Butyl benzyl phthalate (BBP)	developmental	85-68-7	December 2, 2005
Cadmium	developmental, male	—	May 1, 1997
Carbamazepine	developmental	298-46-4	January 29, 1999
Carbon disulfide	developmental, female, male	75-15-0	July 1, 1989
Carbon monoxide	developmental	630-08-0	July 1, 1989
Carboplatin	developmental	41575-94-4	July 1, 1990
Chenodiol	developmental	474-25-9	April 1, 1990
Chlorambucil	developmental	305-03-3	January 1, 1989
Chlorcyclizine hydrochloride	developmental	1620-21-9	July 1, 1987
Chlordecone (Kepone)	developmental	143-50-0	January 1, 1989
Chlordiazepoxide	developmental	58-25-3	January 1, 1992
Chlordiazepoxide hydrochloride	developmental	438-41-5	January 1, 1992
1-(2-Chloroethyl)-3-cyclohexyl-1- nitrosourea (CCNU) (Lomustine)	developmental	13010-47-4	July 1, 1990
Chlorsulfuron	developmental, female, male	64902-72-3	May 14, 1999
Cidofovir	developmental, female, male	113852-37-2	January 29, 1999
Cladribine	developmental	4291-63-8	September 1, 1996
Clarithromycin	developmental	81103-11-9	May 1, 1997
Clobetasol propionate	developmental, female	25122-46-7	May 15, 1998
Clomiphene citrate	developmental	50-41-9	April 1, 1990
Clorazepate dipotassium	developmental	57109-90-7	October 1, 1992
Cocaine	developmental, female	50-36-2	July 1, 1989
Codeine phosphate	developmental	52-28-8	May 15, 1998
Colchicine	developmental, male	64-86-8	October 1, 1992
Conjugated estrogens	developmental	—	April 1, 1990
Cyanazine	developmental	21725-46-2	April 1, 1990
Cycloate	developmental	1134-23-2	March 19, 1999
Cyclohexanol	male	108-93-0	November 6, 1998
<u>Delisted January 25, 2002</u>			
Cycloheximide	developmental	66-81-9	January 1, 1989

<u>Chemical</u>	<u>Type of Reproductive Toxicity</u>	<u>CAS No.</u>	<u>Date Listed</u>
Cyclophosphamide (anhydrous)	developmental, female, male	50-18-0	January 1, 1989
Cyclophosphamide (hydrated)	developmental, female, male	6055-19-2	January 1, 1989
Cyhexatin	developmental	13121-70-5	January 1, 1989
Cytarabine	developmental	147-94-4	January 1, 1989
Dacarbazine	developmental	4342-03-4	January 29, 1989
Danazol	developmental	17230-88-5	April 1, 1990
Daunorubicin hydrochloride	developmental	23541-50-6	July 1, 1990
2,4-D butyric acid	developmental, male	94-82-6	June 18, 1999
o,p' -DDT	developmental, female, male	789-02-6	May 15, 1998
p,p' -DDT	developmental, female, male	50-29-3	May 15, 1998
2,4 DP (dichloroprop)	developmental	120-36-5	April 27, 1999
<u>Delisted January 25, 2002</u>			
Demeclocycline hydrochloride (internal use)	developmental	64-73-3	January 1, 1992
Diazepam	developmental	439-14-5	January 1, 1992
Diazoxide	developmental	364-98-7	February 27, 2001
1,2-Dibromo-3-chloropropane (DBCP)	male	96-12-8	February 27, 1987
Di-n-butyl phthalate (DBP)	developmental, female, male	84-74-2	December 2, 2005
Dichlorophene	developmental	97-23-4	April 27, 1999
Dichlorophenamide	developmental	120-97-8	February 27, 2001
Diclofop methyl	developmental	51338-27-3	March 5, 1999
Dicumarol	developmental	66-76-2	October 1, 1992
Di(2-ethylhexyl)phthalate (DEHP)	developmental, male	117-81-7	October 24, 2003
Diethylstilbestrol (DES)	developmental	56-53-1	July 1, 1987
Diflunisal	developmental, female	22494-42-4	January 29, 1999
Di-n-hexyl phthalate (DnHP)	female, male	84-75-3	December 2, 2005
Dihydroergotamine mesylate	developmental	6190-39-2	May 1, 1997
Di-isodecyl phthalate (DIDP)	developmental	68515-49-1/ 26761-40-0	April 20, 2007
Diltiazem hydrochloride	developmental	33286-22-5	February 27, 2001
m-Dinitrobenzene	male	99-65-0	July 1, 1990
o-Dinitrobenzene	male	528-29-0	July 1, 1990
p-Dinitrobenzene	male	100-25-4	July 1, 1990
2,4-Dinitrotoluene	male	121-14-2	August 20, 1999
2,6-Dinitrotoluene	male	606-20-2	August 20, 1999
Dinitrotoluene (technical grade)	female, male	—	August 20, 1999
Dinocap	developmental	39300-45-3	April 1, 1990
Dinoseb	developmental, male	88-85-7	January 1, 1989
Diphenylhydantoin (Phenytoin)	developmental	57-41-0	July 1, 1987
Disodium cyanodithioimidocarbonate	developmental	138-93-2	March 30, 1999
Doxorubicin hydrochloride (Adriamycin)	developmental, male	25316-40-9	January 29, 1999
Doxycycline (internal use)	developmental	564-25-0	July 1, 1990
Doxycycline calcium (internal use)	developmental	94088-85-4	January 1, 1992
Doxycycline hyclate (internal use)	developmental	24390-14-5	October 1, 1991
Doxycycline monohydrate (internal use)	developmental	17086-28-1	October 1, 1991
Endrin	developmental	72-20-8	May 15, 1998
Environmental tobacco smoke (ETS)	developmental	—	June 9, 2006
Epichlorohydrin	male	106-89-8	September 1, 1996
Ergotamine tartrate	developmental	379-79-3	April 1, 1990

<u>Chemical</u>	<u>Type of Reproductive Toxicity</u>	<u>CAS No.</u>	<u>Date Listed</u>
Estropipate	developmental	7280-37-7	August 26, 1997
Ethionamide	developmental	536-33-4	August 26, 1997
Ethyl alcohol in alcoholic beverages	developmental	—	October 1, 1987
Ethyl dipropylthiocarbamate	developmental	759-94-4	April 27, 1999
Ethylene dibromide	developmental, male	106-93-4	May 15, 1998
Ethylene glycol monoethyl ether	developmental, male	110-80-5	January 1, 1989
Ethylene glycol monomethyl ether	developmental, male	109-86-4	January 1, 1989
Ethylene glycol monoethyl ether acetate	developmental, male	111-15-9	January 1, 1993
Ethylene glycol monomethyl ether acetate	developmental, male	110-49-6	January 1, 1993
Ethylene oxide	female	75-21-8	February 27, 1987
Ethylene thiourea	developmental	96-45-7	January 1, 1993
Etodolac	developmental, female	41340-25-4	August 20, 1999
Etoposide	developmental	33419-42-0	July 1, 1990
Etretinate	developmental	54350-48-0	July 1, 1987
Fenoxaprop ethyl	developmental	66441-23-4	March 26, 1999
Filgrastim	developmental	121181-53-1	February 27, 2001
Fluazifop butyl	developmental	69806-50-4	November 6, 1998
Flunisolid	developmental, female	3385-03-3	May 15, 1998
Fluorouracil	developmental	51-21-8	January 1, 1989
Fluoxymesterone	developmental	76-43-7	April 1, 1998
Flurazepam hydrochloride	developmental	1172-18-5	October 1, 1992
Flurbiprofen	developmental, female	5104-49-4	August 20, 1999
Flutamide	developmental	13311-84-7	July 1, 1990
Fluticasone propionate	developmental	80474-14-2	May 15, 1998
Fluvalinate	developmental	69409-94-5	November 6, 1998
Ganciclovir	developmental, male	82410-32-0	August 26, 1997
Ganciclovir sodium	developmental, male	107910-75-8	August 26, 1997
Gemfibrozil	female, male	25812-30-0	August 20, 1999
Goserelin acetate	developmental, female, male	65807-02-5	August 26, 1997
Halazepam	developmental	23092-17-3	July 1, 1990
Halobetasol propionate	developmental	66852-54-8	August 20, 1999
Haloperidol	developmental, female	52-86-8	January 29, 1999
Halothane	developmental	151-67-7	September 1, 1996
Heptachlor	developmental	76-44-8	August 20, 1999
Hexachlorobenzene	developmental	118-74-1	January 1, 1989
Hexamethylphosphoramide	male	680-31-9	October 1, 1994
Histrelin acetate	developmental	—	May 15, 1998
Hydramethylnon	developmental, male	67485-29-4	March 5, 1999
Hydroxyurea	developmental	127-07-1	May 1, 1997
Idarubicin hydrochloride	developmental, male	57852-57-0	August 20, 1999
Ifosfamide	developmental	3778-73-2	July 1, 1990
Iodine-131	developmental	10043-66-0	January 1, 1989
Isotretinoin	developmental	4759-48-2	July 1, 1987
Lead	developmental, female, male	—	February 27, 1987
Leuprolide acetate	developmental, female, male	74381-53-6	August 26, 1997
Levodopa	developmental	59-92-7	January 29, 1999
Levonorgestrel implants	female	797-63-7	May 15, 1998
Linuron	developmental	330-55-2	March 19, 1999
Lithium carbonate	developmental	554-13-2	January 1, 1991

<u>Chemical</u>	<u>Type of Reproductive Toxicity</u>	<u>CAS No.</u>	<u>Date Listed</u>
Lithium citrate	developmental	919-16-4	January 1, 1991
Lorazepam	developmental	846-49-1	July 1, 1990
Lovastatin	developmental	75330-75-5	October 1, 1992
Mebendazole	developmental	31431-39-7	August 20, 1999
Medroxyprogesterone acetate	developmental	71-58-9	April 1, 1990
Megestrol acetate	developmental	595-33-5	January 1, 1991
Melphalan	developmental	148-82-3	July 1, 1990
Menotropins	developmental	9002-68-0	April 1, 1990

**CORRECTION TO THE LISTING OF THE
CHEMICALS ACIFLUORFEN AND
GANCICLOVIR SODIUM KNOWN TO THE
STATE TO CAUSE CANCER AND
REPRODUCTIVE TOXICITY**

The Office of Environmental Health Hazard Assessment (OEHHA) of the California Environmental Protection Agency is making a correction to the listings

of the chemicals *acifluorfen* (CAS No. 62476-59-9) and *ganciclovir sodium* (CAS No. 82410-32-0).

Acifluorfen was listed as a chemical known to cause cancer on January 1, 1990. It was recently brought to OEHHA's attention that the Chemical Abstract Service (CAS) number, (CAS No. 62476-59-9) is assigned to *acifluorfen sodium* and that OEHHA had incorrectly identified it as *acifluorfen*. The proper naming of the chemical on the Proposition 65 list should be *acifluorfen sodium* (CAS No. 62476-59-9).

Ganciclovir sodium was listed as a chemical known to cause cancer, developmental toxicity and male reproductive toxicity on August 26, 1997. It was also recently brought to OEHHA's attention that the CAS No., (CAS No. 82410-32-0) is assigned to *ganciclovir*. In reviewing the basis for the listing decision, OEHHA determined that the proper listing should be *ganciclovir* (CAS No. 82410-32-0) as known to cause cancer and *ganciclovir* (CAS No. 82410-32-0) and *ganciclovir sodium* (CAS No. 107910-75-8) as known to cause developmental toxicity and male reproductive toxicity. Accordingly, OEHHA revises the chemical listings as noted below. The effective dates of the chemical listings remain the same.

A complete, updated Proposition 65 list is published elsewhere in this issue of the *California Regulatory Notice Register*.

Cancer

Chemical	CAS No.	Toxicological Endpoint	Date of Listing
Acifluorfen sodium	62476-59-9	cancer	January 1, 1990
Ganciclovir	82410-32-0	cancer	August 26, 1997

Reproductive toxicity

Chemical	CAS No.	Toxicological Endpoint	Date of Listing
Ganciclovir	82410-32-0	developmental male reproductive	August 26, 1997
Ganciclovir sodium	107910-75-8	developmental male reproductive	August 26, 1997

**REQUEST FOR PUBLIC PARTICIPATION
NOTICE OF PUBLIC WORKSHOP**

**PROPOSITION 65
REGULATORY UPDATE PROJECT
BENEFICIAL NUTRIENTS
REGULATORY CONCEPT**

The Office of Environmental Health Hazard Assessment (OEHHA) is the lead agency for implementation of Proposition 65 (The Safe Drinking Water and Toxic Enforcement Act of 1986, Health and Safety Code section 25249.5, et seq., hereafter referred to as Proposition 65 or the Act). As part of its responsibilities related to Proposition 65, OEHHA maintains the regulations implementing the Act. These regulations can be found in Title 22 of the California Code of Regulations, sections 12000–14000 inclusive.

Certain chemicals or compounds such as vitamins and minerals are necessary to promote human health or to ensure the healthy growth of food crops. Excessive exposures to these same chemicals or compounds can cause cancer or adverse reproductive effects. OEHHA is seeking a way to balance the need for these nutrients with the necessity for providing Proposition 65 warnings for exposures to listed chemicals in foods. OEHHA has developed draft regulatory language that addresses this issue, which can be found below.

OEHHA is requesting input from stakeholders in the enforcement and business communities, as well as other members of the public, concerning issues that may arise if OEHHA proceeds with such a regulatory proposal. In addition, OEHHA is requesting input on the possibility of adopting specific provisions into the existing “safe harbor” warning regulations (Title 22, Cal. Code of Regs., section 12601), that would address the content of warnings for those exposures to listed chemicals that are beneficial nutrients that may require a warning.

On Friday, April 18, 2008 from 10:00 a.m. to Noon in the Sierra Hearing Room at the California Environmental Protection Agency Headquarters Building located at 1001 I Street, Sacramento, California, OEHHA will hold a public workshop for the purpose of gathering in-

put from interested parties concerning the issues raised by these regulatory concepts. Stakeholders are encouraged to provide input concerning these concepts including alternative regulatory language or other approaches that would address these issues.

Interested parties may also submit their ideas in writing.

In order for the comment to be considered at this point in the process it must be received by 5:00 p.m. on Friday, May 2, 2008. Should OEHHA proceed to propose regulations on this issue, additional opportunities for public comment will be provided. All submissions should be directed to:

Fran Kammerer
Staff Counsel
Office of Environmental Health Hazard Assessment
1001 I Street
Sacramento, CA 95812
Or via e-mail to fkammerer@oehha.ca.gov

If you have special accommodations or language needs, please contact Monet Vela at (916) 323–2517 or mvela@oehha.ca.gov by April 11, 2008.

Possible Regulatory Language (Concept only, this is not a formal regulatory proposal):

Section 1250X. Exposure to Beneficial Nutrients in a Food

- (a) Human consumption of a food shall not constitute an “exposure” for purposes of Section 25249.6 of the Act to a listed chemical in a food if the person causing the exposure to the chemical can show that the chemical is a nutrient that is beneficial to human health and that the total amount of the chemical consumed in a food, whether naturally occurring, intentionally added to the food, or otherwise present, does not exceed the level established in subsection (c).
- (b) For purposes of this section, a chemical is beneficial to human health if a daily value or allowance has been established for the chemical or compound by the Food and Nutrition Board of the Institute of Medicine, National Academies.
- (c) This section applies only to exposures that do not exceed the Recommended Daily Allowance (RDA) established in the Dietary Reference Intake Tables of the Food and Nutrition Board of the Institute of Medicine, National Academies, current edition, if one is established. If no RDA is established, this section applies only to exposures that do not exceed 20 percent (20%) of the Tolerable Upper Intake Level established in the Dietary Reference Intake Tables of the Food and Nutrition Board of the Institute of Medicine, National Academies, current edition.

**Announcement of Chemicals Selected by OEHHA
for Consideration for Listing by the
Developmental and Reproductive Toxicant
Identification Committee and Request for
Relevant Information on the
Developmental and Reproductive Toxicity of
These Chemicals
EXTENSION OF PUBLIC COMMENT PERIOD**

**[Notice posted on the OEHHA web site
on March 11, 2008]**

On January 18, 2008 the Office of Environmental Health Hazard Assessment (OEHHA) published a notice in the *California Regulatory Notice Register* (Register 2008, No. 3-Z) soliciting information relevant to the assessment of the evidence of developmental and reproductive toxicity for five chemicals (bisphenol A, chlorpyrifos, chromium (hexavalent), DDE, and sulfur dioxide). OEHHA will begin preparation of hazard identification materials for the five chemicals with the expectation of bringing them forward to the Developmental and Reproductive Toxicant Identification Committee at future meetings for the Committee's consideration for listing under Proposition 65.

OEHHA has received a request to extend the comment period for *bisphenol A* to allow for the submittal of complete and relevant scientific information. OEHHA hereby extends the public comment period for *bisphenol A* to **5 p.m., Thursday, April 17, 2008**. Please note that the original 60-day public comment period initiated on January 18, 2008 for the other four chemicals will close as announced on March 18, 2008.

Relevant information on these chemicals should be submitted to:

Cynthia Oshita
Office of Environmental Health Hazard Assessment
Proposition 65 implementation
P.O. Box 4010
1001 I Street, 19th Floor
Sacramento, California 95812-4010
FAX: (916) 323-8803
Or via e-mail to coshita@oehha.ca.gov

It is requested that all hard-copy materials be submitted in triplicate.

Submissions may also be delivered in person or by courier to the above address. In order to be considered, the relevant information must be received at OEHHA (if delivered in person or sent by FAX) by 5:00 p.m. on Thursday, April 17, 2008.

**RULEMAKING PETITION
DECISIONS**

AIR RESOURCES CONTROL BOARD

Mary D. Nichols, Chairman
1001 I Street • P.O. Box 2815
Sacramento, California 95812 • www.arb.ca.gov

March 7, 2008

Mr. Lawrence Lim, Chairman
Ko-Am Cleaners Association of California
5420 Ygnacio Valley Road, Suite 60
Concord, California 94521

Dear Mr. Lim:

On February 7, 2008, the California Air Resources Board (ARB or Board) received your letter together with the petition entitled "Petition of the Ko-Am Cleaners Association of California to the California Air Resources Board for Amendments to Section 93109, Title 17 California Code of Regulations" (hereinafter the Petition). You have cited the following as authority for the requested action: Health and Safety Code (HSC) sections 39600 and 39601(a).

The California Administrative Procedure Act (APA) provides that any interested person may petition a state agency requesting the adoption, amendment, or repeal of a regulation as provided in Government Code section 11340.6. The petition must clearly and concisely state the substance or nature of the regulation, amendment or repeal requested, the reason for the request, and reference to the authority of the state agency to take the action requested. (Government Code section 11340.6(a)-(c)). The APA further provides that a state agency shall notify the petitioner in writing of the re-

ceipt and shall within 30 days either deny the petition indicating why the agency has reached its decision on the merits of the petition in writing or schedule the matter for public hearing in accordance with the notice and hearing requirements of the APA. (Government Code section 11340.7.) By this letter, we are advising you that ARB has denied the Petition.¹ The basis for my denial is set forth in this letter and the references listed on the attachment to this letter.

The Regulation Addressed by the Petition

The Petition requests that ARB amend section 93109 of title 17, California Code of Regulations (CCR), which is generally known as the Airborne Toxic Control Measure for Emissions of Perchloroethylene (Perc) from Dry Cleaning and Water-Repelling Operations (Dry Cleaning ATCM). We will briefly summarize some of the key provisions of the regulation. The Dry Cleaning ATCM prohibits the sale or lease of new Perc dry cleaning machines beginning on January 1, 2008, eliminates the use of existing Perc machines at co-residential facilities (facilities that share a wall with, or are located in the same building, as a residence) by July 1, 2010, requires that machines that are 15 years or older be removed from service by July 1, 2010, and requires that all other Perc machines be removed from service once they become 15 years old or by January 1, 2023, whichever is sooner. In addition, the Dry Cleaning ATCM expands good operating practices and record keeping and reporting requirements for Perc dry cleaners, and requires Perc manufacturers and distributors to report and keep records of their Perc sales to California dry cleaners.

The Petition requests ARB to amend the Dry Cleaning ATCM to incorporate most of the requirements of the proposal that was considered by the Board at its May 25, 2006 public hearing. The key elements of your request include: 1) elimination of the prohibition on installation of Perc-based dry cleaning machines; 2) elimination of the general requirement to remove Perc-based dry cleaning machines from service when the machines reach 15 years of age; and 3) extension of the date at which primary, converted, and “add-on” secondary control Perc-based dry cleaning machines must be removed. The proposals differ from ARB staff’s May 25, 2006 proposal mainly in terms of the lead time provided for compliance and timeframe during which ARB would adopt the requested changes. The amend-

ments also provide additional time to phase-out primary, converted, and “add-on” secondary control machines.

In the Petition, you stated three reasons why the Board should consider amending the Dry Cleaning ATCM. The reasons and ARB’s responses to them are addressed in the following discussion.

The Board’s Rationale for Banning Perc Dry Cleaning

The first reason cited in the Petition is the claim that the Board’s decision at the May 25, 2006 meeting to ban Perc dry cleaning is based on policy rather than protecting public health. The Petition states that:

The Ban Enacted on the Use of Perchloroethylene-Based Dry Cleaning Machines is Not Necessary to Adequately Protect Public Health — The fact that a ban on the use of perchloroethylene-based dry cleaning machines is not required to adequately protect public health is proved by the April 7, 2006 CARB staff report; the staff’s original proposed revisions to section 93109, which did not include a ban on perchloroethylene; and the testimony presented at the May 25, 2006 hearing on the staff proposal. It is clear that the Board’s decision to ban perchloroethylene was not based on any specific finding related to public health; rather, the Board simply made a policy decision that it preferred a ban.

The California Toxic Air Contaminant Identification and Control Program established under California law by Assembly Bill 1807 (Chapter 1047, Statutes of 1983) and set forth in HSC sections 39650–39675, requires the ARB to identify and control air toxics in California. As a result, in 1991, the Board identified Perc as a toxic air contaminant (TAC). In that process, the Board found that no threshold exposure level could be identified below which adverse health effects would not be expected. Once identification has occurred, HSC section 39665(a) requires ARB to prepare a report on the need to control Perc and adopt appropriate measures. On October 14, 1993, the Board adopted the Dry Cleaning ATCM codified in title 17 of the CCR, section 93109.

In 2003, staff began an evaluation of the effectiveness of the Dry Cleaning ATCM. The evaluation found that, as a result of the Dry Cleaning ATCM, Perc emissions from dry cleaning operations had been reduced by about 70 percent. However, the evaluation also showed that residual health risks associated with Perc emissions from dry cleaning operations remained present, the best available control technology (BACT) for Perc dry cleaning operations had improved, more effective ventilation systems existed, and alternative technologies were available and viable. As a result of this evaluation,

¹ The Board may delegate any duty it deems appropriate to its Executive Officer (Health and Safety Code section 39515(a)). Moreover, the Board is conclusively presumed to have delegated any of its powers to the Executive Officer unless it has expressly reserved that power to itself (Health and Safety Code (HSC) section 39516.) The Board has not reserved the power to act on rule-making petitions and it is, therefore, appropriate for me to act on the Petition pursuant to my delegated authority.

staff proposed amendments to the Dry Cleaning ATCM based on BACT for the Board's consideration. Staff's initially proposed amendments were presented in the Staff Report: Initial Statement of Reasons, released on April 7, 2006 (hereafter ISOR1, Reference A) and considered at the Board's May 25, 2006 public hearing.

Section 39666(c) of the HSC states that the Board is to reduce emissions to the lowest level achievable through application of best available control technology or a more effective control method, unless the state board determines, based on an assessment of risk, that an alternative level of emission reduction is adequate or necessary to prevent an endangerment of public health. In accordance with the HSC and after considering staff's initial proposal, written comments, and public testimony, the Board voted unanimously not to proceed with the rulemaking and directed staff to return to the Board with a proposal to phase out Perc from dry cleaning operations in furtherance of the Board's mission to protect public health. Based on the viability of dry cleaning alternatives, the Board felt it prudent and necessary to eliminate the potential health risk due to Perc emissions from dry cleaning machines and related equipment.

Furthermore, as reflected in the transcripts of the May 25, 2006 public hearing (hereafter Transcript1, Reference B) and in the Board's January 25, 2007 resolution (hereafter Resolution 07-5, Reference F) approving the currently adopted Dry Cleaning ATCM, the main concern that the Board had with the original proposal was that it was not adequately health protective. The Board expressed particular concern about the continued Perc exposure to workers, customers and communities near Perc dry cleaning facilities. In addition, the Board viewed its deliberate decision in phasing out Perc as necessary to provide a long term, health protective, solution to an identified TAC which does not have a Board-specified threshold exposure level.

ARB's Policy on Control of Toxic Air Contaminants

The second reason cited in the Petition is the claim that the ban on Perc is inconsistent with CARB's policies with respect to the control of other TACs. The Petition contrasted the ambient exposure of Perc to the other TACs and how the control of Perc is different from the control of diesel particulate matter (PM), benzene, and the use of ethanol, which leads to the production of acetaldehyde. In addition, the Petition also noted that the ambient mean concentration of Perc has dropped by about 90 percent from 1989 to 2006 and, in 2005, Perc accounts for about 0.3 percent of the total health risk estimated by CARB staff for the top ten TACs.

The Board is mandated to evaluate and determine the need to control substances which have been identified as toxic air contaminants according to HSC sections

39650 through 39675. The HSC directs the Board to control TACs on a case by case basis depending on the circumstance surrounding a TAC's usage. For TACs such as Perc, Diesel PM, benzene, and acetaldehyde, section 39666(c) of the HSC states that the Board is to reduce emissions to the lowest level achievable through application of best available control technology or a more effective control method, unless the State Board determines, based on an assessment of risk, that an alternative level of emission reduction is adequate or necessary to prevent an endangerment of public health. When assessing health risk, the Board not only considers the health risk posed by ambient exposure in general but also the potential for higher health risk due to exposure to near source concentrations of the TAC.

The Board began its evaluation of Perc in 1993. At that time, the total statewide Perc emissions from dry cleaning were about 742,000 gallons per year and the maximum individual risk near most dry cleaners ranged from about 50 to 500 chances in a million. Even though the total statewide Perc emissions from dry cleaning in 2003 has decreased to about 222,000 gallons per year and the ambient mean concentration of Perc has dropped significantly since the Dry Cleaning ATCM was initially adopted in 1994, the potential cancer risk at close distances to a Perc facility remained of concern to the Board. For example, a resident living in the same building as a Perc facility may be exposed to higher levels of Perc and may result in cancer risks of 50 to 100 in a million (Transcript1). Furthermore, as shown in the Staff Report: Initial Statement of Reasons released on December 8, 2006 (hereafter ISOR2, Reference C) the estimated potential cancer risk of the latest Perc technology, a secondary control machine, at 20 meters is 40 chances per million or higher because about 10 percent of them are calculated to emit Perc vapors equivalent to 61 gallons or more per year.

In addition to risk considerations, the Board considers the types of control technology that are available and whether there are alternatives that can be used in place of the deployed control technologies to further control the TAC. In the case of Perc, the staff's evaluation concluded that control technologies are available in the form of improved ventilation systems to reduce but not eliminate near source exposures to Perc. Staff's evaluation for the Dry Cleaning ATCM rulemaking showed that about 30 percent of the dry cleaning facilities are already using an alternative dry cleaning technology; therefore, alternatives to Perc dry cleaning were readily available and viable (page ES-4, ISOR2).

After considering staff's evaluation results, written comments, public testimony, and staff's revised proposal on January 25, 2007, the Board, in accordance with HSC section 39666, approved the currently

adopted regulation that phases out the use of Perc in dry cleaning operations. The process in adopting the amended Dry Cleaning ATCM parallels the processes used by the Board in considering controls for other TACs. Mirroring its action to ban Perc in dry cleaning, the Board has also banned the use of Perc, methylene chloride, and trichloroethylene in automotive brake cleaners, hexavalent chromium in cooling towers, and asbestos in surfacing applications.

However, in other cases, such as the control of diesel PM and other TACs, the Board may or may not phase out the use of the TAC based on its determination of how best to comply with the HSC in each instance. Considering the Board's actions with regard to diesel PM, in 1998, the Board determined diesel exhaust to be a TAC. In 2000, the Board proceeded with a plan to reduce diesel exposures to the lowest level achievable using the best available control method or a better method to accomplish the goal. Since then, diesel controls included lowering of emission standards, cleaner diesel fuels, allowing for alternative fuels such as biodiesel, and allowing for alternatives to diesel-fueled engines and vehicles.

Viable Alternatives to Perc Dry Cleaning

The third reason cited in the Petition is the claim that there are no viable alternatives to Perc dry cleaning for all dry cleaning facilities. The Petition further states that the potential economic impact, labeling issues related to wet-cleaning, cost issue related to carbon dioxide, potential for further regulation related to hydrocarbon solvents, and toxicity issue related to GreenEarth and propylene glycol ether as barriers for switching to alternative dry cleaning processes.

The claimed lack of viable alternative fails for the reasons discussed herein. Alternatives to Perc dry cleaning are discussed in Executive Summary and Chapter III of ISOR2. The viability of alternative dry cleaning technologies is evident by their market share. As stated in the ISOR2 and reflected in the transcript of the Board's January 25, 2007 public hearing (hereafter Transcript2, Reference D), about 30 percent of the dry cleaning in California is being done by alternative dry cleaning processes already. The most popular alterna-

tive uses the high flash-point hydrocarbon solvents, with about 20 percent of dry cleaning in California being processed using these solvents. The dry cleaning industry has used hydrocarbon solvents for a long time; in fact, long before Perc was introduced to the industry. The current generation of hydrocarbon solvents (i.e., the high flash point hydrocarbon solvents), introduced in the early 1990's, is safer compared to the older generation of hydrocarbon solvents such as Stoddard because of the new generation's higher flash point, which lowers its associated fire hazard, and its chemical composition, which lowers any potential adverse health impact.

Of all the alternatives available, the most environmentally friendly are water based cleaning systems and carbon dioxide cleaning systems. These alternatives are currently used by some in "mixed shops" and by others in "dedicated shops" where all of the dry cleaning for these facilities is being successfully processed by one of these technologies. Because these systems are non-toxic and non-smog forming, they qualify for grants under the programs authorized by Assembly Bill (AB) 998 (chapter 821, statutes 2003, HSC section 41999). The \$10,000 grants available under the AB 998 program can potentially help the marginal operators who are unable to finance the cost of a new dry cleaning system. Most of the alternatives considered are discussed in detail in Chapter III of ISOR2 and a summary of the cleaning performance of the evaluated dry cleaning solvents is shown in Table III-1 (page III-5) of ISOR2. This table is duplicated here as Table II-1.

Alternatives to this regulatory action were considered in the ISOR2, in accordance with Government Code section 11346.2. For the reasons set forth in the ISOR2, in the staff's presentation at the January 25, 2007 public hearing, and in the Final Statement of Reasons (hereafter FSOR, Reference E), the Board has determined that no reasonable alternative considered by the agency, or that has otherwise been identified and brought to the attention of the Board, would be more effective in carrying out the purpose for which the regulatory action was proposed or would be as effective and less burdensome to affected private persons than the action taken by the Board (FSOR, page 4, D).

Table II-1. Summary of Cleaning Performance of Dry Cleaning Solvents

Solvent	Cleaning Performance
Perc	Aggressive, oil-based stains, most water-based stains, silks, wools, rayons. Not good for delicates.
Stoddard	Less aggressive than Perc for oil-based stains. Can handle delicate garments.
PureDry	Less aggressive than Perc for oil-based stains. Can handle delicate garments.
Shell 140	Less aggressive than Perc for oil-based stains. Can handle delicate garments.
EcoSolv	Less aggressive than Perc for oil-based stains. Can handle delicate garments.
DF-2000	Less aggressive than Perc for oil-based stains. Can handle delicate garments.
Green Jet (DWX-44 detergent)	Less aggressive than Perc. More effective in cleaning sugar, salt, perspiration stains. Good for delicates. Not good for heavily soiled garments.
Rynex 3	Aggressive, cleans water-soluble and oil-based stains.
GreenEarth	Less aggressive than Perc for oil-based stains. Good for water-based stains, delicates.
CO ₂	Good for all stains and most fabrics. Very effective in removing oils, greases, sweats.
Wet cleaning	Aggressive, good for both oil and water-based stains. Can handle delicate garments. Requires tensioning equipment and training for successful operation.

Conclusion

Based on the foregoing analysis, we find that the Petition has not demonstrated that the Dry Cleaning ATCM to be inconsistent with the overall statutory charge to protect public health through the control of TACs, nor has the Petition demonstrated further amendments to the Dry Cleaning ATCM to be reasonably necessary to effectuate the purposes of the HSC.

The record upon which this denial is based includes the Petition and all of the material incorporated by reference in the Petition — Exhibits A through F. The record also includes this letter and all attachments hereto.

In accordance with Government Code section 11340.7(d), a copy of this letter is being transmitted to the Office of Administrative Law for publication in the California Regulatory Notice Register. The agency contact person on this matter is Robert Krieger, Manager, Emissions Evaluation Section at (916) 323-1202. Interested parties may obtain a copy of the Petition from Lori Andreoni, ARB Office of Legal Affairs, 1001 I Street, P.O. Box 2815, Sacramento, CA 95812, (916) 322-5594.

Sincerely,

/s/

SUMMARY OF REGULATORY ACTIONS

REGULATIONS FILED WITH SECRETARY OF STATE

This Summary of Regulatory Actions lists regulations filed with the Secretary of State on the dates indicated. Copies of the regulations may be obtained by contacting the agency or from the Secretary of State, Archives, 1020 O Street, Sacramento, CA 95814, (916) 653-7715. Please have the agency name and the date filed (see below) when making a request.

File# 2008-0130-01
 BOARD OF REGISTERED NURSING
 Citations and Fine

This regulatory action increases the maximum fine amount that the Board may impose and specifies the cir-

cumstances under which the higher fine may be imposed.

Title 16
 California Code of Regulations
 AMEND: 1435.2
 Filed 03/12/2008
 Effective 04/11/2008
 Agency Contact: Alcidia Valim (916) 323-8419

File# 2008-0229-04
 CALIFORNIA INTEGRATED WASTE
 MANAGEMENT BOARD
 Temporary Solid Waste Facilities Permits

This emergency rulemaking action adopts a series of provisions to regulate previously unregulated recycling, solid waste handling, and composting activities. These emergency regulations create a temporary solid waste facility operating permit and specify the conditions for and information required of applicants who seek to operate such facilities pending receipt of permanent operating permits.

 DEPARTMENT OF ALCOHOL AND DRUG
 PROGRAMS
 Zip Code Change

The Department of Alcohol and Drug Programs seeks to amend title 9 to change the zip code in various sections. These zip code changes are without regulatory effect and accordingly have been filed pursuant to title 1 of the California Code of Regulations, section 100. The amendments do not materially alter any requirement, right, responsibility, condition, prescription or other regulatory element of any CCR provision.

Title 9
 California Code of Regulations
 AMEND: 10025, 10057, 10515, 10518, 10524, 10545, 10550, 10606, 11014, 11017, 11024, 13070

File# 2008-0207-02
DEPARTMENT OF CORRECTIONS AND
REHABILITATION
Care and Treatment of Pregnant Inmates

This rulemaking action proposes regulations to ensure that pregnant inmates receive some additional clothing, extra nutritional items, dental examination and treatment, prenatal and postpartum care and treatment, and that they are not placed in restraints during or right after labor, including during transport to hospitals, subject to certain exceptions. The regulations also specify that restraint devices of certain kinds are prohibited for use with pregnant inmates and limit restraint devices for pregnant inmates to handcuffs used in front of the body.

Title 15
California Code of Regulations
ADOPT: 3355.2 AMEND: 3030, 3050, 3268.2,
3355, 3355.1
Filed 03/06/2008
Effective 04/05/2008
Agency Contact: Randy Marshall (916) 341-7328

File# 2008-0211-03
DEPARTMENT OF FOOD AND AGRICULTURE
Seed-Certifying Agencies

This nonsubstantive amendment deletes reference to Food and Agriculture Code section 52332 and replaces it with the more appropriate section 52401. Additionally, the term "director" is replaced with "Secretary" and a typographical error is corrected.

Title 3
California Code of Regulations
AMEND: 3875
Filed 03/05/2008
Agency Contact: Stephen Brown (916) 654-1017

File# 2008-0304-01
DEPARTMENT OF FOOD AND AGRICULTURE
Light Brown Apple Moth Interior Quarantine

The proposed emergency amendment will expand the regulated quarantine in the Orinda area of Contra Costa County by approximately nine square miles with re-

spect to the light brown apple moth (LBAM; *Epiphyas postvittana*) pursuant to the finding of new pests and the quarantine protocol. It will also remove approximately 17 square miles of the regulated area in the Danville area of Contra Costa.

Title 3
California Code of Regulations
AMEND: 3434(b)
Filed 03/12/2008
Effective 03/12/2008
Agency Contact: Stephen Brown (916) 654-1017

File# 2008-0211-01
DEPARTMENT OF FOOD AND AGRICULTURE
Mediterranean Fruit Fly Interior Quarantine

This certificate of compliance makes permanent the prior emergency regulatory action (OAL file no. 07-0912-02E) that established a quarantine area for the Mediterranean fruit fly of approximately 114 square miles surrounding the Dixon area of Solano County. The effect of the quarantine provides authority for the State to regulate movement of hosts and possible carriers of the Mediterranean fruit fly within and from the area under quarantine to prevent artificial spread of the fly to noninfested areas to protect California's agricultural industry.

Title 3
California Code of Regulations
AMEND: 3406(b)
Filed 03/12/2008
Agency Contact: Stephen Brown (916) 654-1017

File# 2008-0124-02
DEPARTMENT OF MOTOR VEHICLES
Traffic Violator School Instructors

This regulatory action revises the information required on the form used for applying for the Instructor's License at a Traffic Violator School (TVS) (OL 710) and on the form used to make changes to a TVS Operator License (OL 755). In particular, the revisions correct the title of the names of the forms, no longer require information that is required by another form, establish the use of one form to indicate a change in a school's address, and require the forms be signed under penalty of perjury in compliance with Code of Civil Procedure section 2015.5.

Title 13
California Code of Regulations
AMEND: 345.02, 345.06, 345.21, 345.22

DEPARTMENT OF SOCIAL SERVICES**Residential Care Facilities for the Elderly Section 100**

Department of Social Services(DSS) submitted this action as one without regulatory effect pursuant to Title 1, section 100 of the California Code of Regulations (CCR) to accomplish a comprehensive reorganizing and restructuring of parallel regulations governing residential care facilities for the elderly (RCFE) in CCR Title 22, Division 6, Chapter 8 and DSS's publication, Manual of Policies and Procedures (MPP). This action revises, reorganizes, relocates text, and renumbers 124 sections, including modifications to authority and reference citations, repeals one section, and expands the articles in which the sections are located from eight to 15 articles. This action was a resubmittal of OAL File No. 07-0821-04N, which DSS withdrew from OAL review on October 1, 2007, pursuant to Government Code section 11349.3, subdivision (c).

Title 22/MPP**California Code of Regulations**

AMEND: 87101, 87102, 87106, 87107, 87110, 87111, 87112, 87113, 87114, 87115, 87116, 87117, 87118, 87218, 87219, 87219.1, 87220, 87222, 87223, 87224, 87225, 87226, 87227, 87227.1, 87228, 87229, 87230, 87231, 87235, 87236, 87340, 87342, 87342.1, 87343, 87344, 87345, 87346, 87451, 87452, 87453, 87454, 87455, 87455.1, 87457, 87458, 87560, 87561, 87562, 87564, 87564.2, 87564.3, 87564.4, 87564.5, 87565, 87566, 87567, 87568, 87569, 87570, 87571, 87572, 87573, 87574, 87575, 87575.1, 87575.2, 87576, 87577, 87578, 87579, 87580, 87581, 87582, 87583, 87583.1, 87584, 87585, 87586, 87587, 87588, 87589, 87590, 87591, 87592, 87593, 87686, 87689,
